Overview of our Entrepreneurship Programmes

ClimAccelerator

Start-ups for a 1.5 world

ABOUT

ClimAccelerator is a global programme giving start-ups access to funding and services to innovate, catalyse, and scale the potential of their climate solutions. In a global community of organisers, we run theme-based and place-based acceleration programmes as well as an open accelerator providing access to our core-platform to entrepreneurship organisations around the globe.

Current active programmes: theme-based (cities, carbon capture), and multiple place-based consortia covering Baltics, CEE and some south European countries.

DELIVERY

- Central programme coordination by EIT Climate-KIC
- Place-/Theme-based programmes delivered on the ground via consortia of partners.
- Open accelerator programme delivered by third parties, but linked to core programme platform.

TARGET AUDIENCE

- Organisers: EIT Climate-KIC and consortia of partners
- Participants: Early stage start-ups (pre-seed/seed)

TIMELINE

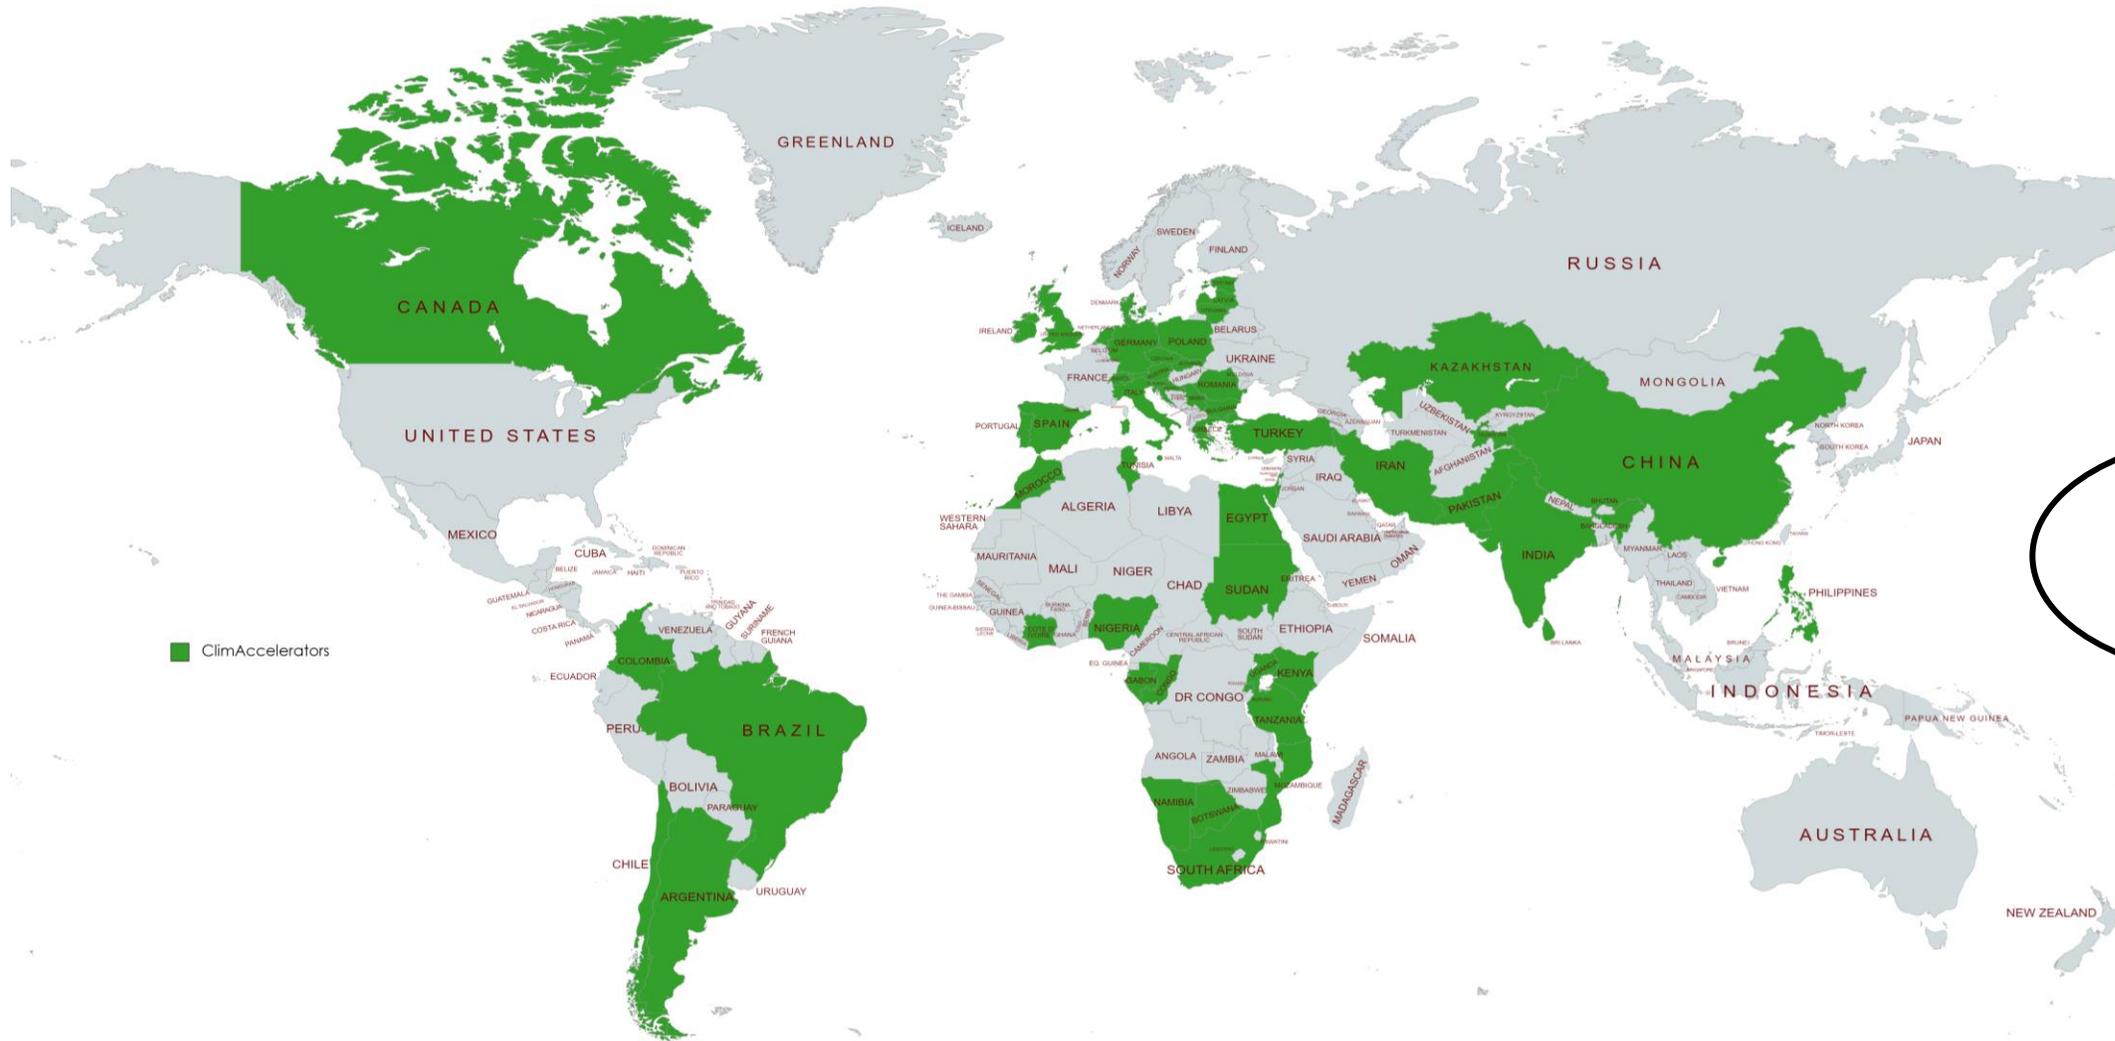

Applications from organisers: get in contact with us
Applications from startups: multiple cut-off dates per programme, [check our website](#)

INVESTMENT REQUIRED

[Contact us!](#)

- ✓ Join one of the existing theme-/place-based consortia
- ✓ Co-fund the creation of a new theme-/local programme
- ✓ Link your programme to our platform (open accelerator)
